NAROČNINA/ POVEZAVA / AKTIVACIJA IN UPORABA

V tem uporabniškem priročniku najdete navodila za aktiviranje upravljanja na daljavo e-Remote, ki je na voljo za vaše vozilo.

Za uporabo upravljanja na daljavo e-Remote morate najprej odpreti račun MyCitroën in registrirati svoje vozilo. Če mobilne aplikacije še niste namestili v svoj pametni telefon, lahko to preprosto storite s prenosom aplikacije iz trgovine Google Play ali App Store.

Odprite aplikacijo MyCitroën in obiščite portal povezljivih storitev v razdelku s storitvami (Services Store) in izberite “Odkrijte” (“Discover”), da aktivirate upravljanje na daljavo e-Remote. Tapnite na “ZAŽENI AKTIVACIJO” (“START ACTIVATION”) in sledite nekaj korakom, da aktivirate svojo novo storitev.

Aplikacija vas bo preusmerila na stran Aktiviranje storitve (Service Activation), na kateri boste lahko prebrali, kaj je upravljanje na daljavo e-Remote in katere prednosti prinaša ta storitev. Pomaknite se navzdol in tapnite na gumb "PRIDOBÍ" ("GET"), da nadaljujete z aktivacijo storitve.

Da aktivirate upravljanje na daljavo e-Remote, morate prebrati in sprejeti Splošne pogoje (General Conditions); ko shranite izbrane možnosti, lahko zaženete postopek aktivacije prek mobilne aplikacije – preprosto tapnite "NAPREJ NA MyCitroën

("CONTINUE TO »MyCitroën ")

Trije koraki, ki jih morate izvesti, vam bodo vzeli le nekaj minut in na koncu boste lahko uživali v upravljanju na daljavo e-Remote. Na začetku potrdite, da ste že prebrali in sprejeli pogoje, nato pa začnite z aktivacijo.
